8..Draft e-mail -Conducting a skills and knowledge inventory survey of members.

“BBLA at times is faced with tasks that the Board of Directors can’t adequately support. Accordingly, we were hoping that we could reach out to its membership to assist us in that regard.

For that reason, we’d like to determine the various skills that reside in its members. These skills could run from flower arranging to civil engineering. Issues continually surface from within the BBLA and its committees that could be helped by you. As an example, we are currently seeking people with skills in

- Attending town meetings writing notes of the key points.
- Researching issues of import to the town, including flooding, beach replenishment
- Reviewing the BBLA website for being up to date
- Summarizing the internet options available to households in the town of Bethany Beach, such that we may update members. Ideally this includes a peek at the future.

Also we are continually seeking volunteers to help perform the various short term activates that occur throughout the year. If you would like to volunteer, please describe your skill and e-mail BBLA at http://www.bbla.us/Contact_Us.php

10- Motion BBLA Board Transparency Policy

Transparency is critical to ensuring trust and confidence in the BBLA and its leadership. Transparency is a core value (when in doubt, err on the side of openness). This is consistent with Article XIV in the BBLA Bylaws “Other than routine and administrative matters, Board decisions will be reported to the members of the Association as soon as practicable, but in any event at the next scheduled Annual Meeting”

Elements of a Transparency Policy are

- Board Meeting Agendas are posted in advance on the BBLA Public Website
- The Annual Financial Report is posted on the BBLA Public Website.
- Key Documents, e.g, Charter and By-Laws; Board Members; Tax Exemption Letters; Board Policy Statements, would be posted on the BBLA Public Website.
- Key Decisions (such as the annual Donations) are published in the BBLA Newsletter and posted on the BBLA Public Website.
- Board meetings are open to members as observers. They may be called upon to make remarks, but do not take part in the deliberations.
- The Board may decide to go into Executive Session. Observers would be asked to leave the meeting at that point.

Discussed at the March 24, 2018 BBLA Board meeting and formally approved at the May 19, 2018 Board meeting.

=====

10. Motion to Recommend to Membership to add a sentence to the bylaws as follows:

ARTICLE XIV – BOARD OF DIRECTORS Section 2.

“The Board of Directors shall carry out the purposes of the Association and is authorized to make decisions on such matters and conduct the activities and business of the Association.

Unless otherwise provided, Board decisions shall be by majority vote of those present and voting at a Board meeting. {ADDED **The Board may adopt a policy to be virtually present**

by voice, video or similar technology.} Other than routine and administrative matters, Board decisions will be reported to the members of the Association as soon as practicable, but in any event at the next scheduled Annual Meeting.”

10 Motion-- that the Recording Secretary will summarize, at the end of each Board meeting, what business the Board has empowered the Executive Committee, other committees, or Board members, to transact and shall include that summary in the Minutes.

For reference ARTICLE XV – COMMITTEES Section 1. There shall be an Executive Committee comprised of the President, Vice President, Treasurer, Recording Secretary and Membership Secretary. The Executive Committee shall be empowered to transact such business as authorized by the Board of Directors.

10- Motion- to approve this Meeting Attendance and Voting Protocol Policy contingent on Membership approval of Bylaws Change

The BBLA Board Members are encouraged to attend meetings in person to the extent possible. However, it recognizes that, with a large Board, some members will not be able to join every meeting and will join using video or audio. At the same time, meetings with attendance by video or audio can be difficult to manage and therefore the expectation is that Board members would make every effort to attend in person, with “virtual” presence the exception not the rule.

A possible protocol could include the following: Members can join the meeting virtually over the phone/video link, and can be counted as part of the meeting’s quorum.

- Only members who are part of the meeting (in person or virtually) can vote.
- Members who are not able to join (either in person or virtually) can send in their views by email prior to the meeting so that their views can be considered. They cannot “pre-register” their vote as this implies that they would not be open to changing positions based on the full Board discussion.
- The Recording Secretary will keep records of members in-person vs “virtual” attendance, alerting the Board to trends which suggest that the “virtual” approach is resulting in a worrying drop off of in-person attendance.
- An Annual BBLA Board Meeting Calendar should be agreed. Meetings should normally be scheduled the day after Town Council Meetings. At the end of each Board Meeting, the date for the next meeting should be checked to ensure a quorum will be established. Otherwise the meeting can be rescheduled. Every effort should be made to not change the calendar.

501 C4 Tax forms

- Revenue less than \$50,000- use postcard form –filed electronically
- Assets over \$250,000 requires a longer form.

No limit on assets as long as there is a purpose for accumulating tax exempt assets. Per Chuck, this is having something in writing as to the future use of the assets. Specific plans are not required and future use allocations can change. BBLA’s reserve level based on 2 years operating expenses is fine but is not necessary for IRS purposes- that is discretionary

On IRS website the Charitable tab leads to 501 C(3) specifics.
